Silent Fury has released their new studio album "Sunday Stiletos" and it has received rave reviews around the region. The band is headed by vocalist and lead guitarist Mick Fury, "a Syracuse based musician who has been recording and performing for almost a decade, and whose music has been nominated for the Grammy music award in the Syracuse area. The band has been touring tirelessly from Cleveland to Maine, leaving screaming fans in their wake." For more on Silent Fury check out their website www.silentfury.net

Shenanigan's, located at 318 E. Fayette Street in downtown Syracuse, will be hosting live jam, bluegrass, roots or reggae music every Thursday starting in October. Expect plenty of regional and local favorites, with low cover charges and 18+ admission. For more details check out www.myspace.com/shenanigansmusicpage

The Blarney Stone, located at 288 W. Genesee Street. in Auburn, celebrated its first anniversary last month with plenty of Irish food and live music. Year 2 promises to have even more live music at the club with the creation of their Tuesday night music series. "We're looking forward to providing a wide-range of talent in our tavern for early evening listening," said owner Tom Delaney. "The level of talent in our area is phenomenal, and we are tapping in to making this an enjoyable experience for everyone." Thursday, Friday and Saturday nights also feature live music at the club, as well as a full tavern menu. "This will be the only place in Auburn where you can listen to live music four nights a week," said co-owner Chad Balog. For further information and reservations for The Blarney Stone, please call (315) 255-0777, or check them out on the web at www.blarneyrestaurant.com

The Best Dream is an up-and-coming indie rock band in Syracuse. Singer/songwriter Melody Calley started the band because she wanted to produce a more complete sounding live show than the solo, acoustic rock she had been playing out in Syracuse. This past spring, she enlisted James Bort (Bass Guitar and sic vibe) and Joe Micheletti (drums, percussion) to lend their talents to make her dream come to life. Their new dimension of alternative rock is undeniable pretty and irresistible catchy, and "kicked up a notch" with driving, moody bass lines, loopy explorations of harmony, bursts of hyper, intricate drumming and blasts of in-your-face power. Their live show is a unique potion full of emotion and intense raw energy. You can catch their live set at the 1st Utica Music Festival on Saturday, September 20th.

CNY BAND PROFILE : Stone Soul Foundation

Auburn's Stone Soul Foundation is a self proclaimed "blues, funk, and soul injected hard rock quintet". Formed in 2002, its hard to tell whether this 5 member band has crossed many genre lines, or created their own unique sound. With influences representing the past 4 decades, Soul Stone Foundation has created quite a buzz around CNY, and are now taking aim at the rest of Upstate NY and the northeast. I recently had the chance to track them down at a few of their shows this past summer, and ask them a few questions about the band.

CNYLIVE: How did the band meet and form originally???

Jeff Wiggins: Sean our (singer) and myself (guitarist) met through friends from school. I was 14 at the time and Sean about 16. We got together one day after school and started writing songs together. Before we new it one day turned into 15 years! We've been good friends the whole time. We formed a few groups over the years, "Shepherd" which our current guitarist Dan was in for while, and "Smoke Stack". After those bands fizzled out we came up with the idea for Stone Soul Foundation, a Heavy Rock band with elements of Blues, Funk, and Metal. We wanted our music to come across with the soul of a great RNB singer or a gospel preacher. You could say that's why the name Stone Soul Foundation seemed so fitting. Then we set out to form the band. Sean met Shane Stillman at a local pub in Auburn, and through casual conversation found he was a drummer looking for a band. We auditioned Shane and he became a full fledged member of the band that day. Then we called upon our good friend Dan Dennis to fill the spot for additional guitar duties. Our original bass player wasn't working out so we recruited Doug Paradise from Seneca Falls. He was in a cover band at the time called "Shmae" and was very stoked to be part of an original band. We all have been writing and performing together as Stone Soul Foundation for several years now.

CNYLIVE: After seeing you live last month, I realized you are one of those bands that really crosses genre lines and musical time periods. How would you describe the bands music to the casual CNY fan???

Sean Muldoon: To put it quite simply we are a blues influenced hard rock band. To be more specific we are a bluesfunkboogieacidmetalrockband!

CNYLIVE: The new song 'Christian' on your Myspace is great, when will we see it on a full length release???

Jeff: We'll be releasing 2 more songs on the internet, "Window" and "Ain't no Mystery" available for free download on our web-site and Myspace page. We recommend our web-site www.stonesoulfoundation.com for a higher quality Mp3. These three songs, and several others, will be on our new "to be titled record" slated for an early 2009 release.

CNY VENUE PROFILE : Dewitt Shire Tavern

In the ever changing landscape of live music venues throughout Central NY, one that is making a resurgence is the Dewitt Shire Tavern in East Syracuse. The bar has added a stage for live bands, and has upped the ante by bringing in talent buyer Christina "Krit" Woods to book and promote the club. I recently had the chance to talk to Krit about The Shire and their upcoming music series.

CNYLIVE: Can you tell me a little about the venue, including location and setup?

Krit: Dewitt Shire Tavern is nestled in between Thompson Rd and Erie Blvd, which is right down the road from Lemoyne College. It is next to businesses which are closed at night making it a perfect party place, not to mention the strip club Paradise Found across the street. The parking lot is huge which is also a plus! Inside the venue has a huge bar with a large drink selection and food will also be available. The stage is quite large making it perfect for live music. The maximum capacity is 200 people.

CNYLIVE: What nights will you have live music?

Krit: We will be having free live music every weekend which will include a variety of different sounds (rock, jam, reggae, electronica, jazz etc.) Open Mike will be held every Wednesday night with Phil Smo. For open mike night, sound and a drum kit will be provided, but acts are encouraged to bring their own instruments.

CNYLIVE: What type of bands will you be booking, local or touring?

Krit: Most of the bands are Upstate bands, but some out of state bands will be invited to play as well.

CNYLIVE: Who are some of the bands that will be playing this fall???

Krit: I'm really excited to bring all of these bands in! Upstate bands include The Buddhahood (Rochester), Roots Collider (Rochester), On the Sly (Fredonia) and Dovetail Joint (Syracuse). Regional bands on the schedule include The Change Up from Boston, Infinite Detour from New Jersey, Japhy Ryder from Burlington, and Macpodz from Michigan.
